25X1

(* Present for only first three items listed below)

Utilization Advisory Board:

1. The Agencies represented indicated they had no suggestions for change in the draft presented. The Chairman stated that he would recommend that this paper be signed by the Director of Central Intelligence.

Preliminary Reports on Coverage:

2. It was agreed that HIAUTOMAT would prepare as necessary a preliminary report for Operations on coverage achieved. This would be submitted to the other agency liaison officers in HIAUTOMAT for comment prior to transmittal. HIAUTOMAT would disseminate to each agency and participating CIA office a copy of the Preliminary Report as transmitted to Operations.

3. It was understood that subsequent to the above mentioned report and from time to time agencies, on the basis of analysis of TALENT materials, would wish to submit additional targets either on a one-time or repetitive surveillance basis. It was agreed that such requests should be brought to the attention of the Committee

"D" Values:

6. In addition to the two copies of the "D" value meteorological data which the Chair has asked [redacted] to provide to the Air Force, he also asked [redacted] to provide a copy of the same material to OSI, Navy, Army and NSA.

Labeling of TALENT Materials:

7. Subsequent to the Committee discussion of this item which was raised by [redacted] the Chair discussed the matter with CIA personnel responsible for administration of the TALENT control system. The Chair requests that no change take place pending a report from him at the next meeting.

Next Meeting:

8. Ten a. m. , Friday, 10 August 1956

Agenda items:
